## **Clay Elementary School**

44 Clay High St, Portsmouth, OH 45662-8817-Grades K-5, P-Scioto County

The School Report Card for the 2011-2012 school year shows the progress schools have made based on four measures of performance.

Indicators

Value-Added Measure

Index

Adequate Value-Added Yearly Progress

The combination of the four measures is the basis for assigning state designations to districts, buildings and community schools.

The six designations are

- Excellent with Distinction
- Excellent
- Effective
- Continuous Improvement
- Academic Watch
- Academic Emergency

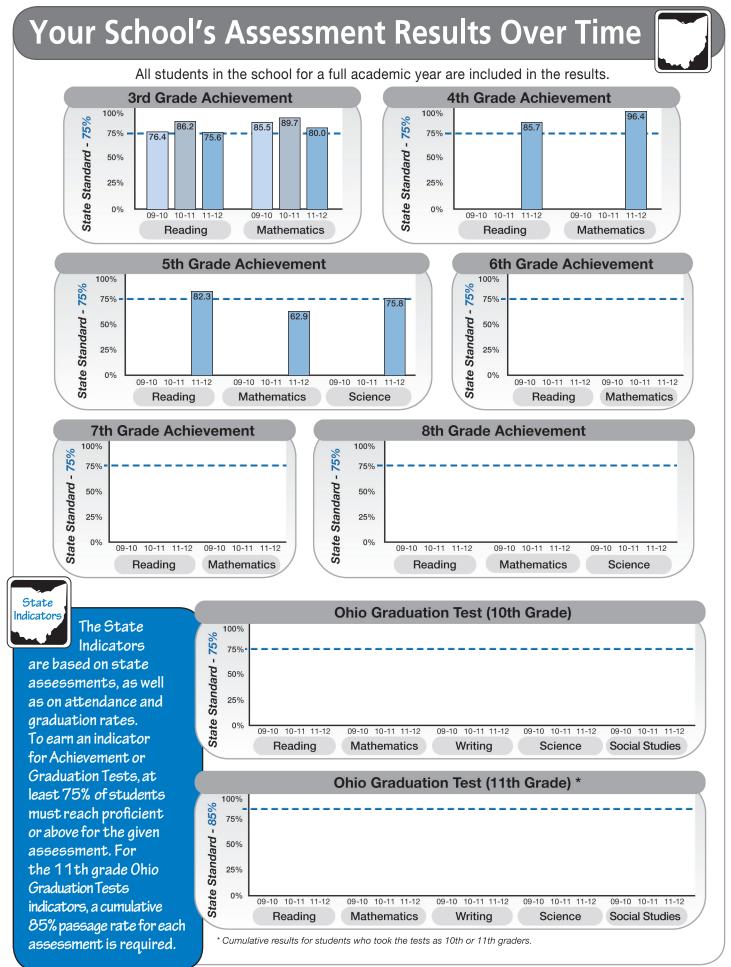

To meet a test indicator for grades

3-8 and 10, at least 75% of students tested must score proficient or higher on that test. Other indicator requirements are:

11th grade Ohio Graduation Tests, 85%; Attendance Rate, 93%; Graduation Rate, 90%.

## **Performance Index**

### **Performance Index Calculations** for the 2011-2012 School Year

Performance Leve 3-8 and 10 for All (Includes every stuthe school for a fu	Tested Subjects udent enrolled in	Percentage	x	Weight	=	Points	
	Untested	0.0	Х	0.0	=	0.0	
	Limited	9.3	Х	0.3	=	2.8	
	Basic	13.0	Х	0.6	=	7.8	
	Proficient	34.3	Х	1.0	=	34.3	
	Accelerated	23.8	Х	1.1	=	26.2	
	Advanced	19.6	Х	1.2	=	23.5	
Your School's Performance Index 94.6							

Your School's Performance Index

The Performance Index reflects the achievement of every student enrolled for the full academic year. The Performance Index

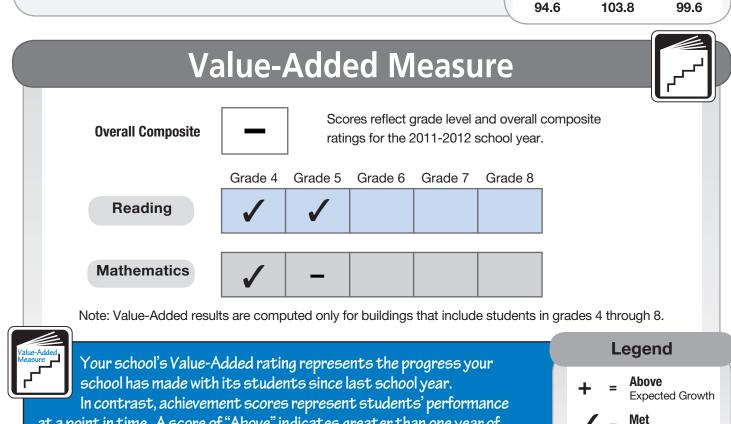

is a weighted average that includes all tested subjects and grades and untested students. The greatest weight is given to advanced scores (1.2); the weights decrease for each performance level and a weight of zero is given to untested students. This results in a scale from 0 to 120points. The Performance Index can be compared across years to show school achievement trends.

#### **Performance Index Over Time**

2010-2011

2009-2010

2011-2012

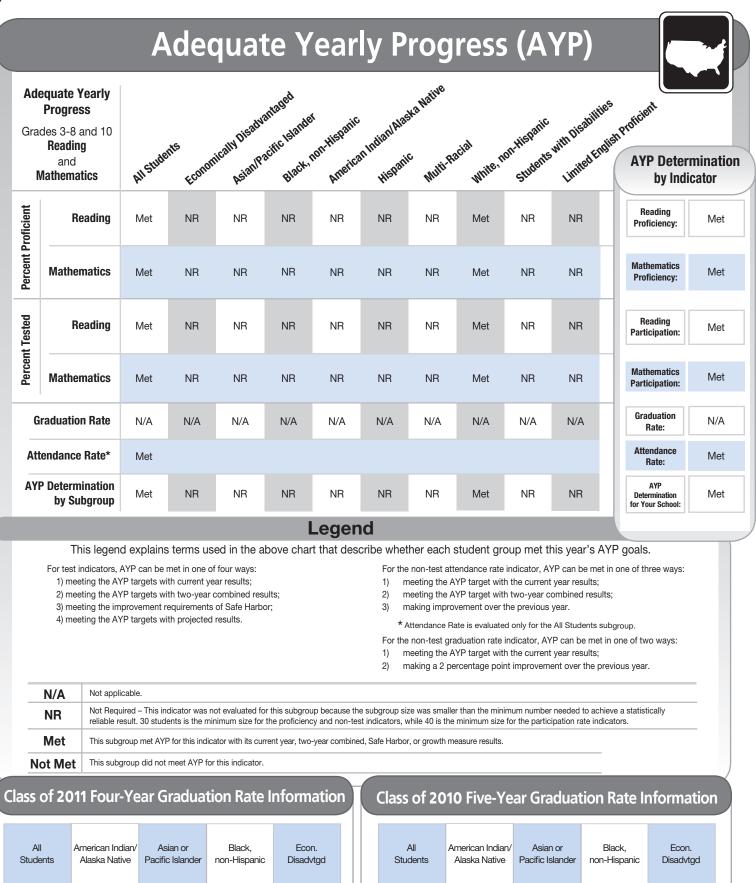

at a point in time. A score of "Above" indicates greater than one year of progress has been achieved; "Met" indicates one year of progress has been achieved; "Below" indicates less than one year of progress has been achieved. Value-Added results are computed only for buildings that include sufficient testing data for students in any grade 4 through 8.

Number of Limited English Proficient Students Excluded from Accountability Calculations

Under the federal No Child Left Behind Act, states are required to report certain data about schools and teachers. Data presented here are for reporting purposes only and are not used in the computation of the state designation for districts and schools.

### **School Teacher Information**

Your Building's Poverty Status*: Low Poverty	Your Building	District
Percentage of teachers with at least a Bachelor's Degree	100.0%	100.0%
Percentage of teachers with at least a Master's Degree	45.9%	52.2%
Percentage of core academic subject elementary and secondary classes not taught by highly qualified teachers	0.0%	1.0%
Percentage of core academic subject elementary and secondary classes taught by properly certified teachers	96.8%	97.5%
Percentage of core academic subject elementary and secondary classes taught by teachers with temporary, conditional or long-term substitute certification/licensure	0.0%	0.0%

\*High-poverty schools are those ranked in the top quartile based on the percentage of economically disadvantaged students. Low-poverty schools are those ranked in the bottom quartile based on the percentage of economically disadvantaged students. --- = Not Calculated/Not Displayed when there are fewer than 10 in the group.

# **Determining Your School's Designation**

Determining your school's report card designation is a multi-step process. The first step is to determine a preliminary designation, which is based on the following components: 1) the percentage of indicators met, 2) the Performance Index and 3) AYP determination.

				<b>[7</b> ]		
Preliminary Designation		AYP Designation		Performance Index		Indicators Met
Excellent or Effective	=	Met or Not Met	and	100 to 120	or	94%-100%
Effective or Continuous Improven	=	Met or Not Met	and	90 to 99.9	or	75%-93.9%
Continuous	=	Met	and	0 to 89.9	or	0%-74.9%
Improvement	=	Not Met	and	80 to 89.9	or	50%-74.9%
Academic Watch	=	Not Met	and	70 to 79.9	or	31%-49.9%
Academic Emergency	=	Not Met	and	0 to 69.9	and	0%-30.9%

The preliminary designation results from identifying the higher value between the percentage of indicators met by your school and your school's Performance Index. AYP then is evaluated to determine its effect on the preliminary designation. There are two ways in which AYP can affect the preliminary designation.

- 1. If a school meets AYP in the current year, it can be rated no lower than Continuous Improvement.
- 2. If an Excellent or Effective school does not meet AYP for the same two (or more) subgroups for three consecutive years, its rating will be decreased to Effective or Continuous Improvement (respectively).

Once the preliminary designation is determined, Value-Added, the fourth measure in the accountability system, is evaluated to determine the impact (if any) on the school's final designation.

- 1. If your school's designation either is increased or decreased due to AYP, Value-Added has no impact on the designation and the preliminary designation becomes the final designation.
- 2. If your school experiences above expected growth in the current year, your school's final designation will increase by one designation.
- 3. If your school experiences below expected growth for at least two consecutive years, your school's final designation will decrease by one designation.

Preliminary Designation		Value-Added Measure*  レビ	Final Designation
Excellent	and	Above expected growth in the current year or	Excellent with Distinction
Exconon	and	Below expected growth for 2 consecutive years	Effective
Effective	and	Above expected growth in the current year or	Excellent
LINGUING		Below expected growth for 2 consecutive years	Continuous Improvemen
Continuous Improvement	and	Above expected growth in the current year or	Effective
•		Below expected growth for 2 consecutive years	Academic Watch
Academic Watch	and	Above expected growth in the current year or	Continuous Improvemen
		Below expected growth for 2 consecutive years	Academic Emergency
Academic Emergency		Above expected growth in the current year or	Academic Watch
Adductine Energency	and	Below expected growth for 2 consecutive years	Academic Emergency

<sup>t</sup>In all other cases, Value-Added will have no impact on the designation and the preliminary designation will become the final designation.

### The National Assessment of Educational Progress (NAEP),

often referred to as "The Nation's Report Card," is the only nationally representative and continuing assessment that enables the comparison of performance in Ohio and other states in various subject areas. Schools and students within each state are selected randomly to be a part of the assessment. Not all students in the state or in a particular school take the assessment. Data are reported at the state level only, and there are no individual student or even school summary results. The assessments are conducted in mathematics, reading, science, writing, the arts, civics, economics, geography and U.S. history.

To view Ohio's most recent NAEP results, go to:

http://education.ohio.gov and search for key word "NAEP"
